

ZONE DESCRIPTION

Starting at the intersection of **Oteha Valley Road** and **Carlisle Road** the zone travels east along the centre of **Carlisle** to the **Woodlands Crescent** intersection, (numbers 178-22 included). It then retraces to number 88 and moves south to meet **Freyburg Park** at its north western boundary. (Branston Avenue, Wilkinson Way, Oldham Place and Capricorn Place excluded).

Following the park boundary in a clockwise direction, the zone intersects **Glencoe Road** and travels down both sides (numbers 1-74 and all odd numbers included), to enter and continue along both sides of **Oaktree Avenue**, (all numbers up to 153/158 included), as far as **Langana Avenue**.

The zone then moves north up **Langana Avenue** to the reserve, (so as to include **Falstone Lane**, and **Gretna Green Lane**), and follows the walkway to join and include all of **Mulgan Way** back to meet **East Coast Road** at 816 /703.

It then travels north up **East Coast Road** to return to the starting point. (Andersons Road included).
